Thanks Ann. We will be focusing pretty much on the water quality pieces at this point.

Please use Stephanie Skophammer as our main BDCP NEPA contact. Stephanie has been on a long vacation but will be back later this month.

I appreciate all your effort to keep us in the loop - take care! - Karen

Subject: BDCP EIR/EIS new appendices for review

Karen, Congrats on your upcoming retirement, please let me know who the new EPA contact will be for BDCP EIR/EIS! I am mailing a CD today with a host of new appendices that have come out for review for the first time. There are 29 in all from a variety of chapters. They are zipped on the CD and will need to be unzipped with the WinZip program. Let me know if this is a problem and I can figure another way to send them. If you can get comments to me before January 16 that would be great. I have attached a blank comment form to this email. Please contact me if you have any questions. Thank you for your patience with this piecemeal approach to reviewing this document. Hopefully soon we will have a complete draft to look at. Thanks, Ann
